

Club "300m" shoot, 10 April

This competition was shot in superb conditions: warm, sunny, with very little wind most of the time. Shooting from 400 yards using a 300m ISSF display on the monitors proved "challenging". Tim Kidner was deservedly the winner with Mark Joyce a close second.

Jubilee Range in early April: clear blue sky, gentle breeze, temperature about 15 degrees.

Last man shooting...

Andy Hay hoping to finish before nightfall.

Results - Individual scores ex 150 per detail, 600 total:
